Marie-Luise Fischer

Manager

About Me Passionate about forming, developing and leading highly motivated, and efficient diverse teams in an agile manner; Enthusiastic about lifelong learning and implementing leadership on every level.

Experience

01/2019 - present, *Content Development Manager for Ab-Initio Training, Boeing Services Deutschland GmbH*

Detailed achievements:

- Personnel responsibility for 17 FTEs and 13 purchased services after end of transition period (05/2019) in Germany and the U.S.
- Identification and implementation of new technologies in the area of eLearning
- Focus areas:
 - Data Analytics
 - Data modelling to enable functionality of content within the Academy Management System “Boeing Courseware”
 - Re-usability of information/content and leveraging subsequent efficiencies
 - Additional student engagement methods (e.g. 3D interactive animations, scenario based animations, new question types)
 - Development of customer-ready content creation tools
- Support of cooperation with new business partners
- Support of enterprise integration
- Migration of Boeing owned IP to content format suitable for “Boeing Courseware”
- New product series released: EASA ATPL 2022 (12 books, 10,000 questions)
- Deployment of over 30 update releases for different products

02/2018–01/2019, *Interim Operations Manager, Boeing Services Deutschland GmbH*

- Personnel responsibility for 24 FTEs and 6 purchased services in Germany
- Leading complete daily operations at Boeing Services Deutschland GmbH
- Leading a reclassification effort and several employee retention initiatives
- Leading all project teams during that time, including launch of a complete content series and monthly maintenance releases for content and software
- Responsible for communication with key stakeholders within Boeing as well as key customers
